Application for Collaborative Degree Students
for Fall 2009-Spring 2010 Clyde F. Schlueter Foundation Scholarships

In the spring of 2003, the Schlueter Foundation established a program to award five \$1000 scholarships to students who are entering or continuing in one of the Collaborative Degree Programs at UW-Marathon. The awards assist a select group of students, Clyde F. Schlueter Foundation Scholars, as they work toward completion of their bachelor's degrees in a Collaborative Degree Program. These programs allow students to complete UWSP or UWO bachelor's degrees on the UW-Marathon campus.

Application Deadline: February 20, 2009

Criteria: To be considered for Schlueter Foundation scholarships, applicants must:

1. show financial need,
2. demonstrate outstanding academic performance and promise of success in completing their degree,
3. enroll in at least 6 UW credits/semester (3 of which must be in a Collaborative Degree Program through UWSP or Collaborative Nursing Program through UWO) in Fall 2008 and Spring 2009.

*Students who are not yet accepted into the Collaborative Degree Program (UW-Stevens Point) or the Collaborative Nursing Program (UW-Oshkosh) must see an advisor and sign a Declaration of Intent to Enroll to be considered for one of the scholarships.

Additional considerations:

1. Preference will normally be given to students who reside in Marathon County.
2. Students planning on careers in business or health care fields are especially encouraged to apply.
